

Intern Class of 2022 Project List

Landscape Teams – on your own time meet as a group to develop a theme for a design area from stop sign east to city sign along Shea Drive in front of the planetarium /VCE office building. Use \$1000 as a budget for this project.

You will make the team presentations on **March 7th** – what your uniting theme is, what plants you chose for the area and any other items in your design - Presentation should take 15-20 minutes as a group.

After both teams present you will meet as a group and create a final design using the best elements from both plans and turn that in to Mike Andruczyk by **March 14th**.

John Birckbichler is the Master Gardener Mentor for this project.

Chesapeake Arboretum workshops – on your own time come up with a 15 minute demonstration program on your assigned topic

- For pruning show how to prune the assigned plant, when, why, etc. (**Don Izbicki** is the Mentor for this **March 5th 9-10:30** in pairs (rain date March 13th)
- For air layering show how to put on an air layer – materials and tools etc. (**Mike Andruczyk** is the mentor for this) **March 12th 9-Noon** (rain date March 6th)
- For Invasive plants show what your plant is, how to identify it, why it is a problem and how to control/eradicate it (**Linda Bradley** is the mentor for this) **May 14th 9-11:30** (rain date is May 21st)

Arboretum Nursery – **on February 26th** (rain date February 27th) come to the Arboretum Nursery to clean up, repot, stake plants. 575 Oak Grove Road (**not main arboretum parking lot – be careful not to pull into muddy grass and get your car stuck**) **Denise Bennett** are coordinating.

Arbor Day Plantings – **on March 18 or 19th** show up at location (to be determined) with gloves, work boots and shovel to work in teams to demonstrate how to plant 1-4 small trees (3 gallon pots) for the Campostella/Indian Creek neighborhood - **Mike Andruczyk** is coordinating.

Trailer Landscape - on **April 16th from 9-Noon** show up with work clothes etc to assist with cleanup of Teaching garden on the corner of Shea and Holt Drives. Then review schedule for another 3 hours block per the schedule to do needed maintenance. **John Birckbichler** is coordinating.

Plant Sale – **April 21-30 we have assigned you three time slots** (one for setup and two for during the sale), check to make sure they work for your schedule if they don't you can change them and add more slots by selecting the edit and sign up buttons making your selections and then clicking submit at the bottom of the page. You can add other dates or slots if you want to do more hours. Call **Kathy King** if you have any questions. <http://www.signupgenius.com/go/4090e4baea62ba13-20141>

Help Desk – sign up for two time slot at 310 Shea Drive with a “Perennial” Master gardener already signed up <http://www.signupgenius.com/go/8050c4faaaa2ca64-help2> Two interns can come per day but the 2nd person will need to call Linda Baskerville to add them to the list. See **Linda Baskerville**

Off-site Help Desk – coordinate with your mentors to select days with you - to pick up small table and information bag from the office to bring it to each site. **Linda Baskerville** will have a signup genius and/or coordinate this as well.

Website/Facebook article or video – create a short article per the instructions provided in your book packet. The subject can be anything you like or one of the other homework assignments written up or video recorded. See **Amy Weber**. These are due March 24th.

We know your schedules change but also know that other people are relying on you so if you need to change your schedule (switch with another intern) and/or if something unexpected comes up please call the coordinating Master Gardener to let them know.

Thanks
